

● Flex-Seal Products

● **Large Diameter Standard Couplings (601-2100mm diameter)**

**Drain and Sewer Pipe Connection and Repair** - Designed for sewerage, drainage and low pressure applications and are manufactured to order to suit any outside pipe diameter

**Introduction**

Flex-Seal can provide Large Diameter Standard Couplings that are manufactured to order, thereby meeting the specific contractor and site requirements.

Large Diameter Standard Couplings can be provided to suit any outside pipe diameter and utilising Flex-Seal's advanced production capabilities, any size of coupling can be supplied direct to the site using the Next Day Delivery Service.

Flex-Seal can also supply Large Diameter Standard Couplings with nitrile sleeves (See sheet 31).

Manufactured to suit customer requirements.

Please state the outside diameter and material of both pipes when ordering.

**Benefits**

- Can be used with all common pipe materials (clay, concrete, cast and ductile iron, asbestos/ cement, plastic or fibreglass)
- Easy to install
- Provide a watertight connection
- Available in any size to meet site requirements
- Unique bolting system on Large Diameter Standard Coupling range

## Applications

Flex-Seal Large Diameter Standard Couplings when used individually or together with bushes have many applications in the construction, repair or maintenance of pipelines.

- As a joint for plain ended pipes
- Repair of existing pipelines
- Making post construction connections to existing sewers
- As a joint between pipes of different sizes or materials

## Product Information

Reference No.	Size (mm)	Width (mm)	T' (mm)
LC 600	601 - 699	190	9
LC 700	700 - 799	190	9
LC 800	800 - 899	190	9
LC 900	900 - 999	190	9
LC1000	1000 - 1099	190	9
LC1100	1100 - 1199	190	9
LC1200	1200 - 1299	190	9
LC1300	1300 - 1399	190	9
LC1400	1400 - 1499	190	9
LC1500	1500 - 1599	190	9
LC1600	1600 - 1699	190	9
LC1700	1700 - 1799	190	9
LC1800	1800 - 1899	190	9
LC1900	1900 - 1999	190	9
LC2000	2000 - 2099	190	9

Also available with nitrile sleeves

**Note:** The coupling size range is an indication of size for ordering purposes only. LC couplings are manufactured individually to suit customer requirements.
